GROWING UP WITH GRACE

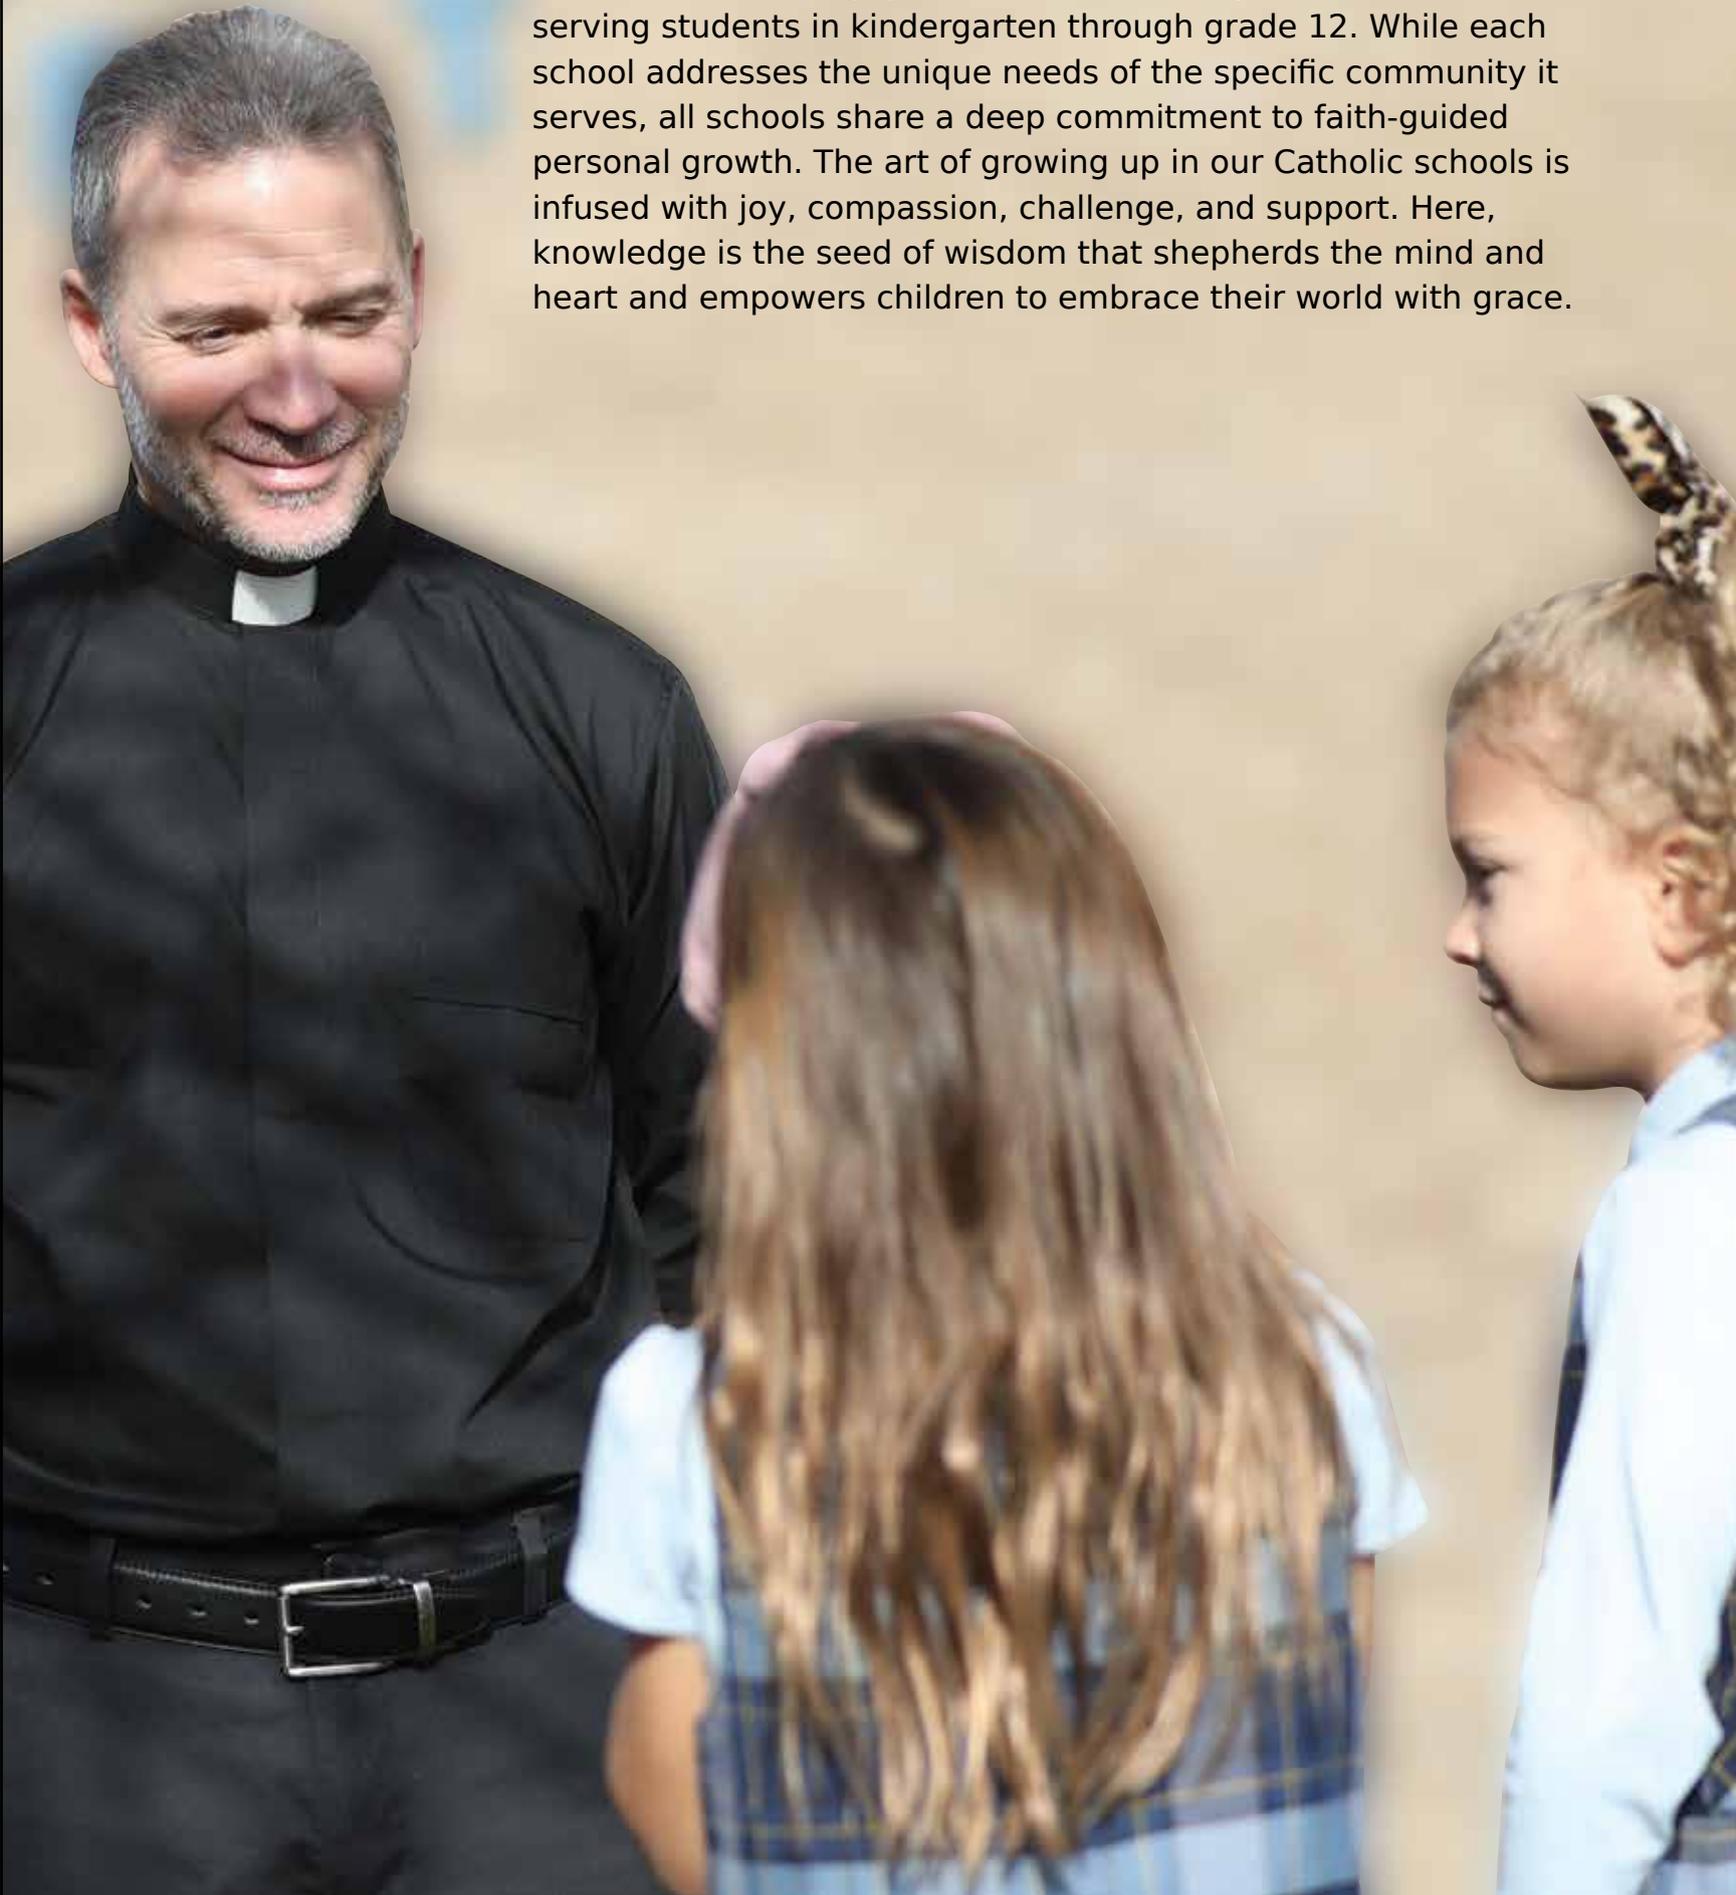

*“Every student is made in the image
and likeness of God.”*

ALAN BARNICLE, DIRECTOR OF INNOVATION & INSTRUCTIONAL IMPROVEMENT,
DIOCESE OF BRIDGEPORT SCHOOLS

Every child needs a safe place to grow up—at home and at school—where individual interests are valued, the foundations of good character are rooted, academic advancement is seamless, and spiritual formation is nurtured.

The Diocese of Bridgeport in Fairfield County oversees 25 schools, serving students in kindergarten through grade 12. While each school addresses the unique needs of the specific community it serves, all schools share a deep commitment to faith-guided personal growth. The art of growing up in our Catholic schools is infused with joy, compassion, challenge, and support. Here, knowledge is the seed of wisdom that shepherds the mind and heart and empowers children to embrace their world with grace.

FORMING HEARTS

*“Kids can be more authentically themselves
in a Catholic school environment.”*

JEN T., PARENT, (ST. MARK SCHOOL, STRATFORD)

Faith formation is central and integral to every curriculum in our schools—whether celebrating the emergent skills of early learners or helping high schoolers discern the nuance in advanced texts. More than 170 years of Catholic education in Fairfield County have shown us that when intellectual and spiritual growth are guided together, both take a firm hold and support each other.

In a Bridgeport Diocesan Catholic school, every child's day is experienced through the Gospel values of faith, service, courage, justice, hope, love, reconciliation, and community—creating a purposeful learning environment that reinforces what children are taught at home. This is a place to live shared values and engage in shared intellectual pursuits, while laying the foundation for high academic achievement and virtuous work.

INFORMING MINDS

“The faculty and staff feel a personal responsibility for their students’ success.”

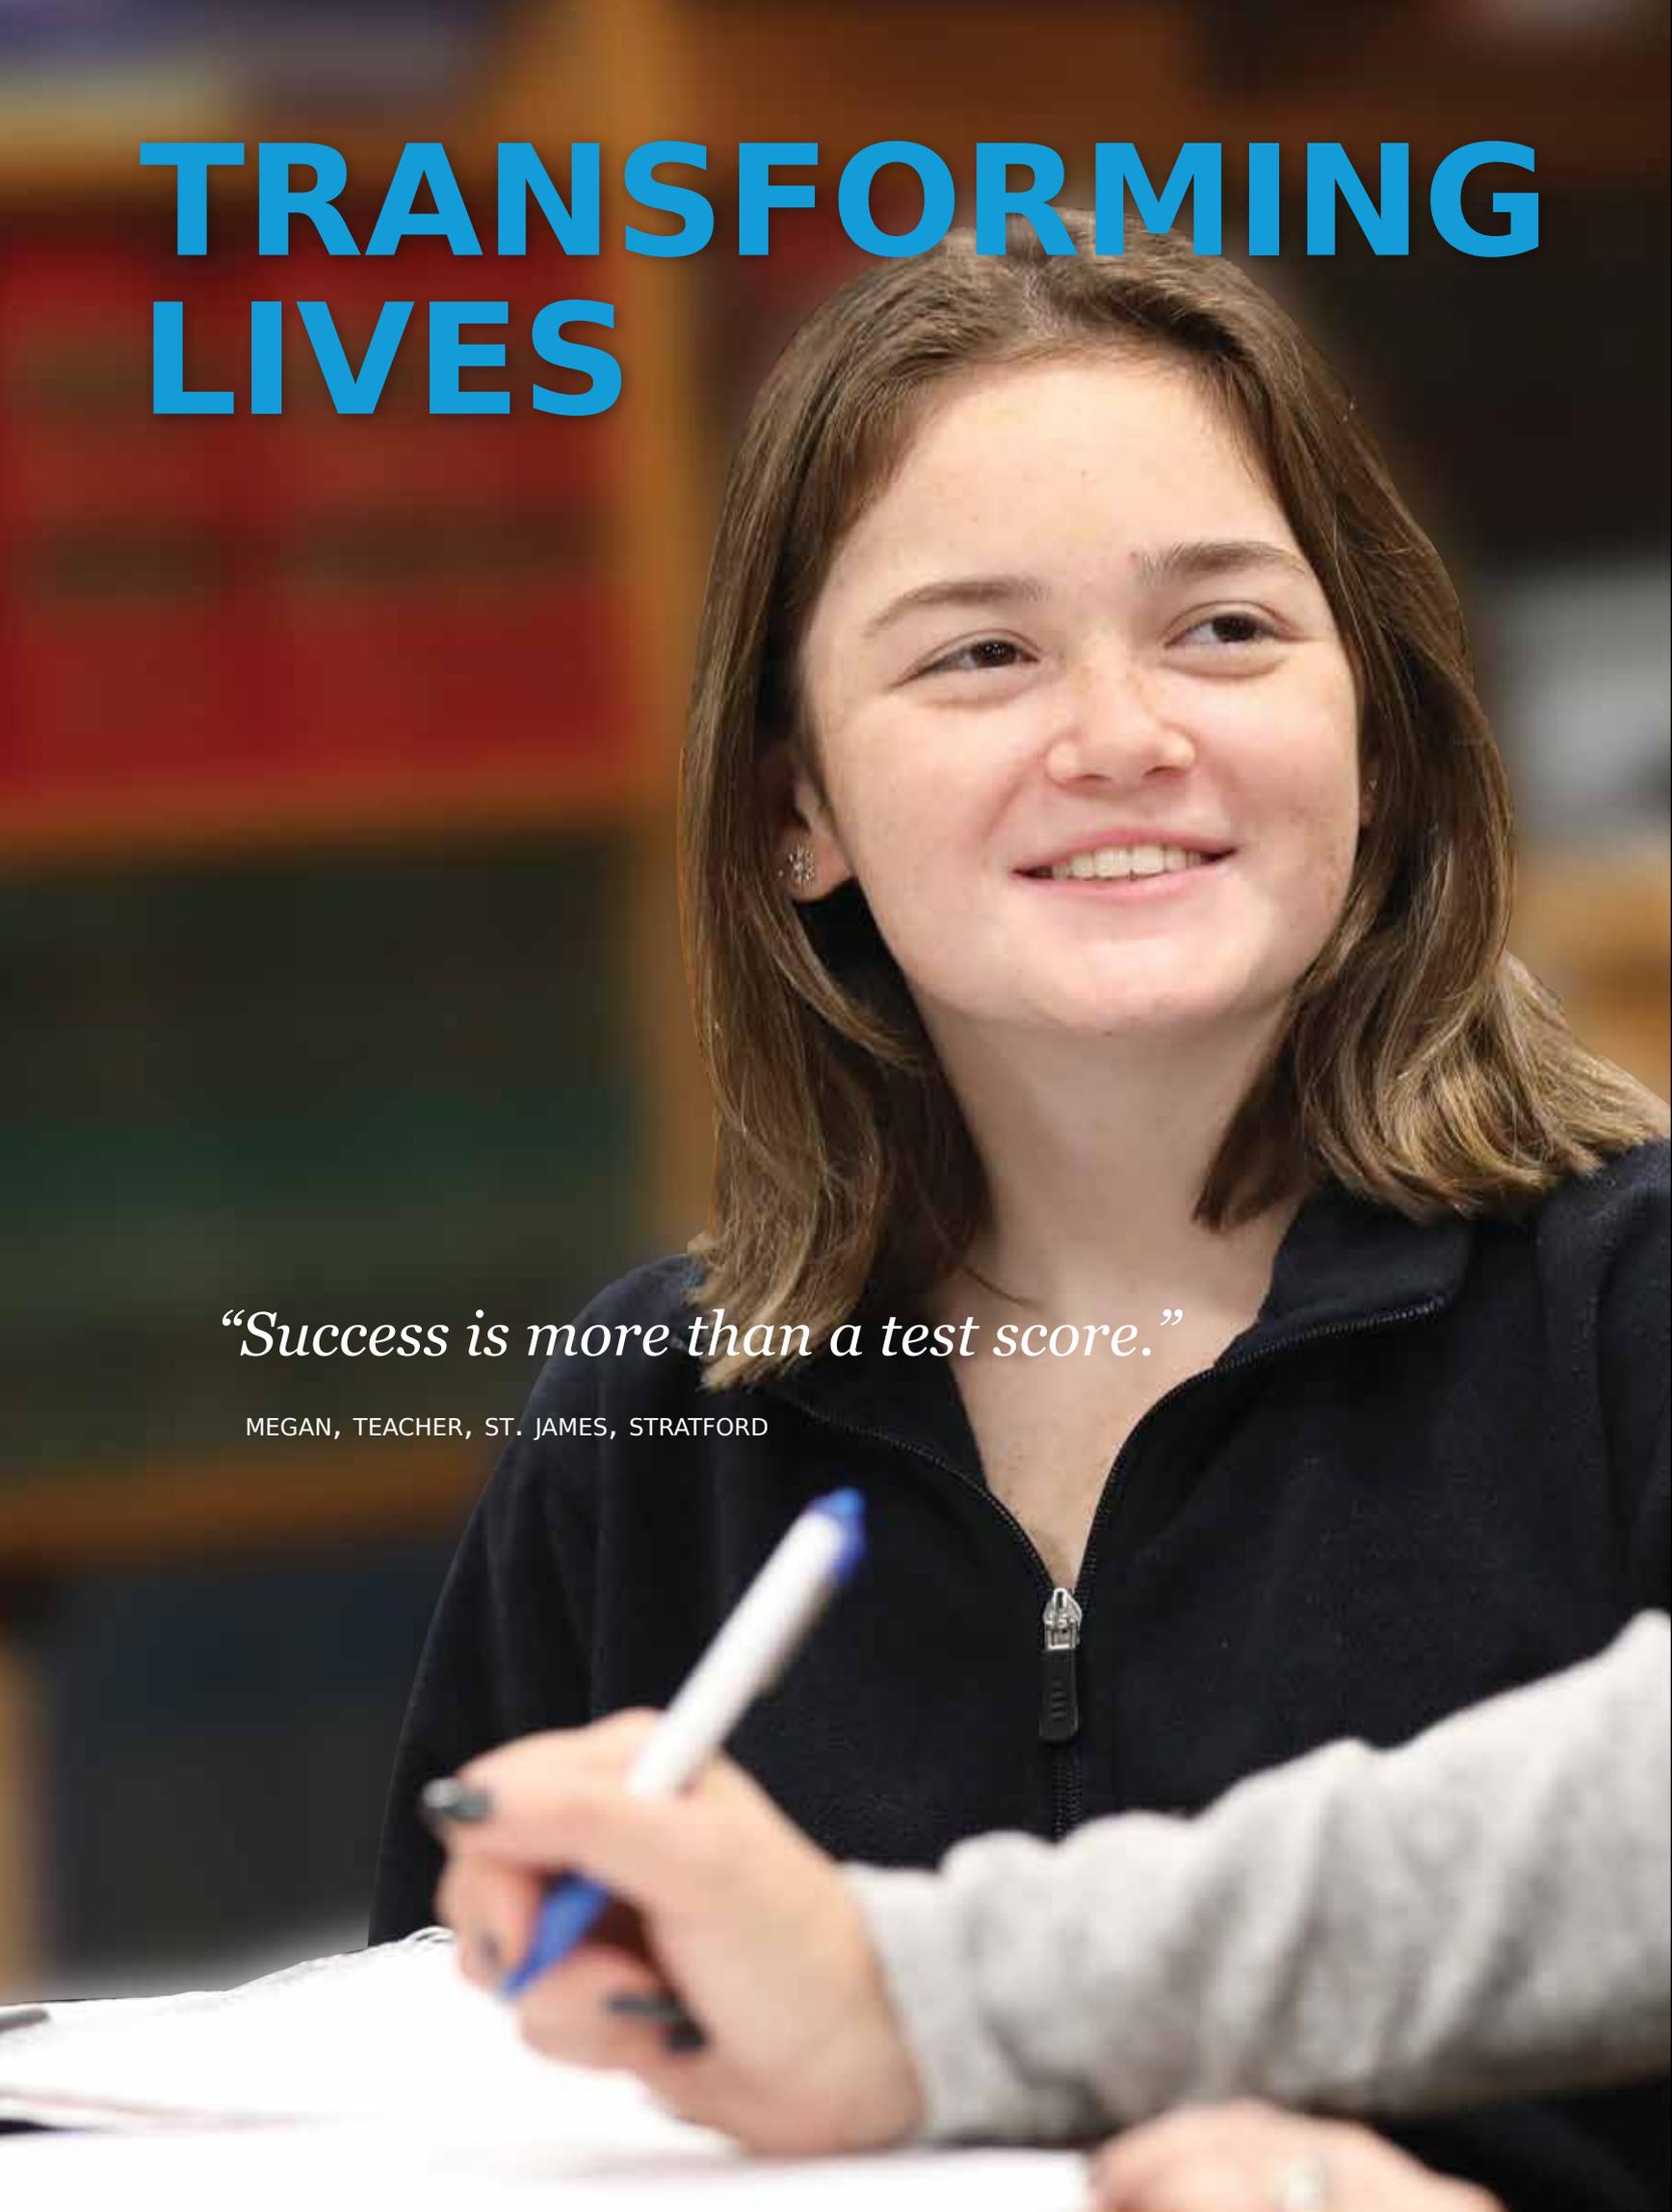

LISA LANNI, HEAD OF SCHOOL, HOLY TRINITY CATHOLIC ACADEMY, SHELTON

Classroom instruction is personal, innovative, and always mission driven. As teachers prioritize each child’s journey of the heart, so too, do they inspire the life of the mind. Academic bars are high, with developmentally appropriate measures of challenge and support. As a result, every child has daily opportunities to reach their highest potential.

- 99% of graduating high school seniors attend college.
- \$6,000,000 in federal, state, and local scholarships and grants have been awarded to graduating seniors for college.
- Nationally recognized curriculum mapping exceeds state standards.
- Students at all elementary grade levels perform well above the national averages on standardized tests.
- Teachers participate in ongoing professional development that keep them at the forefront of educational thinking and best practices.

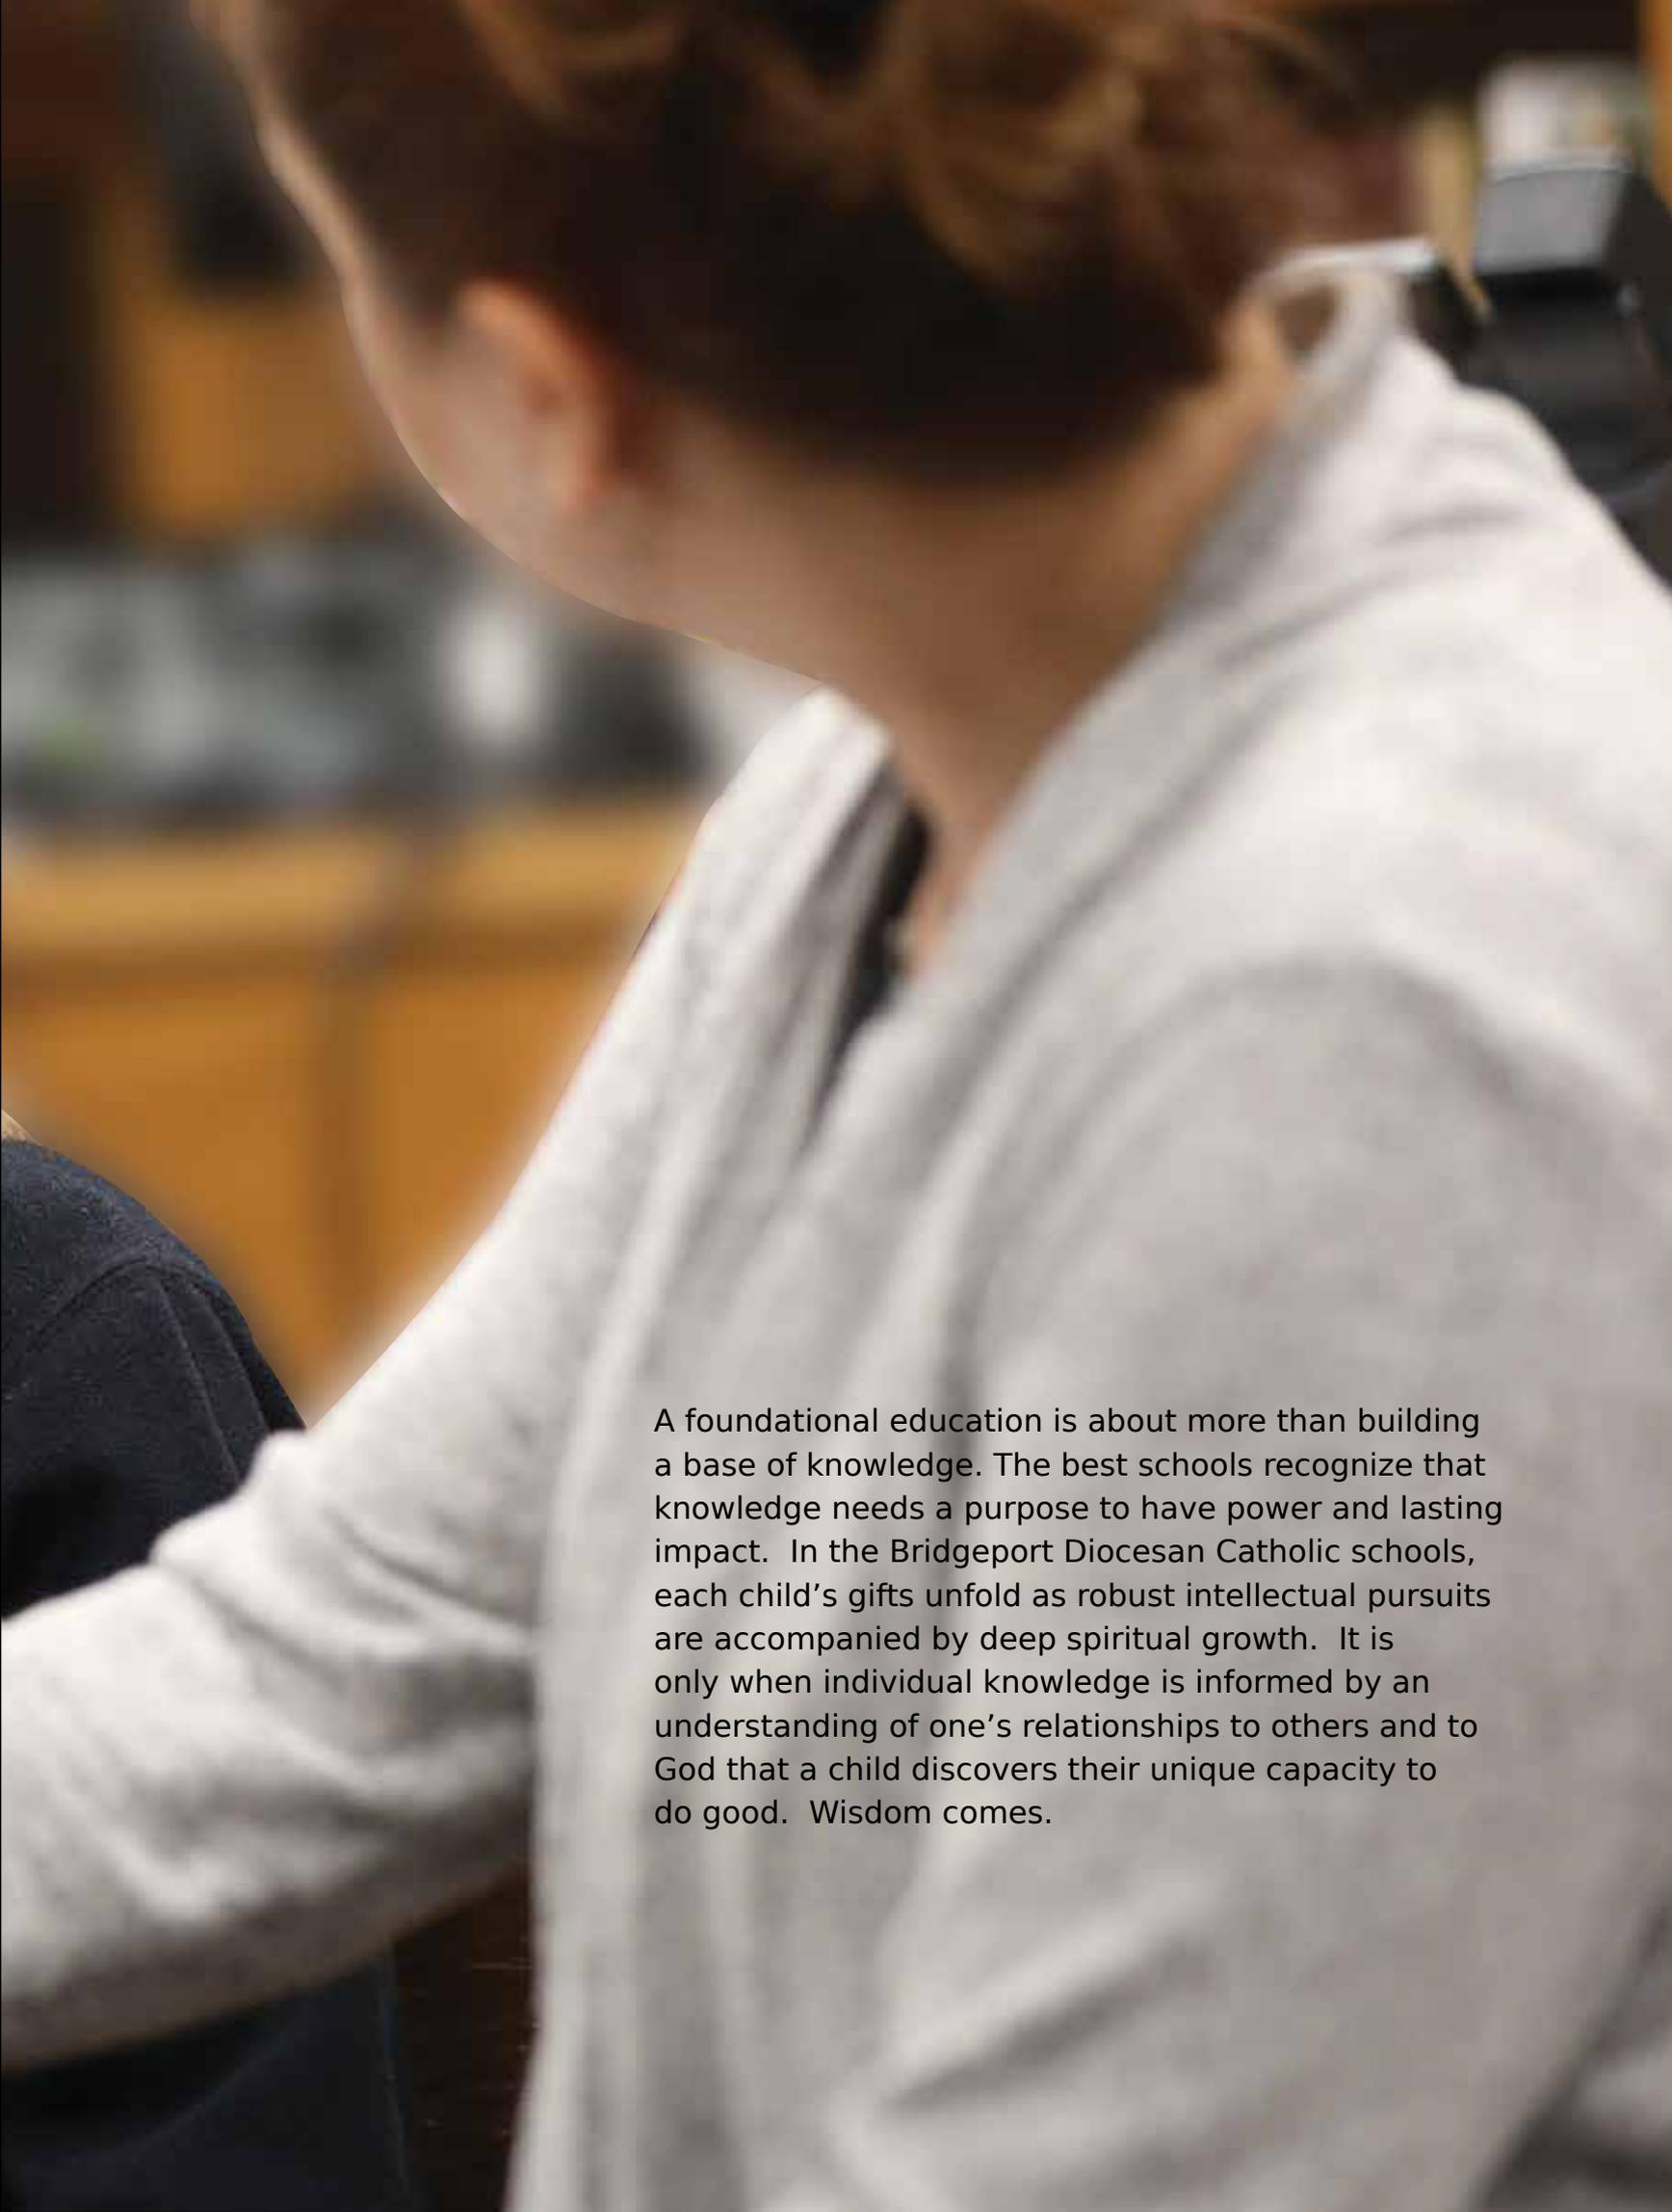

TRANSFORMING LIVES

“Success is more than a test score.”

MEGAN, TEACHER, ST. JAMES, STRATFORD

A foundational education is about more than building a base of knowledge. The best schools recognize that knowledge needs a purpose to have power and lasting impact. In the Bridgeport Diocesan Catholic schools, each child's gifts unfold as robust intellectual pursuits are accompanied by deep spiritual growth. It is only when individual knowledge is informed by an understanding of one's relationships to others and to God that a child discovers their unique capacity to do good. Wisdom comes.

A young girl with long dark hair, wearing a colorful striped headband and a grey shirt, is raising her right hand in a classroom setting. The background is blurred, showing a computer monitor and other classroom elements.

DISCOVER THE IMPACT

You have high expectations for your child's education, and you should. They deserve every opportunity to thrive—intellectually, emotionally, spiritually, artistically, athletically, and as a person of good character. But schools are a bit like shoes; one size does not fit all. And the right ones don't have to break the bank.

“Personalized learning goes with the territory; so much of our faith is about being known personally.”

PAT BRADY, HEAD OF SCHOOL, CATHOLIC ACADEMY, STAMFORD

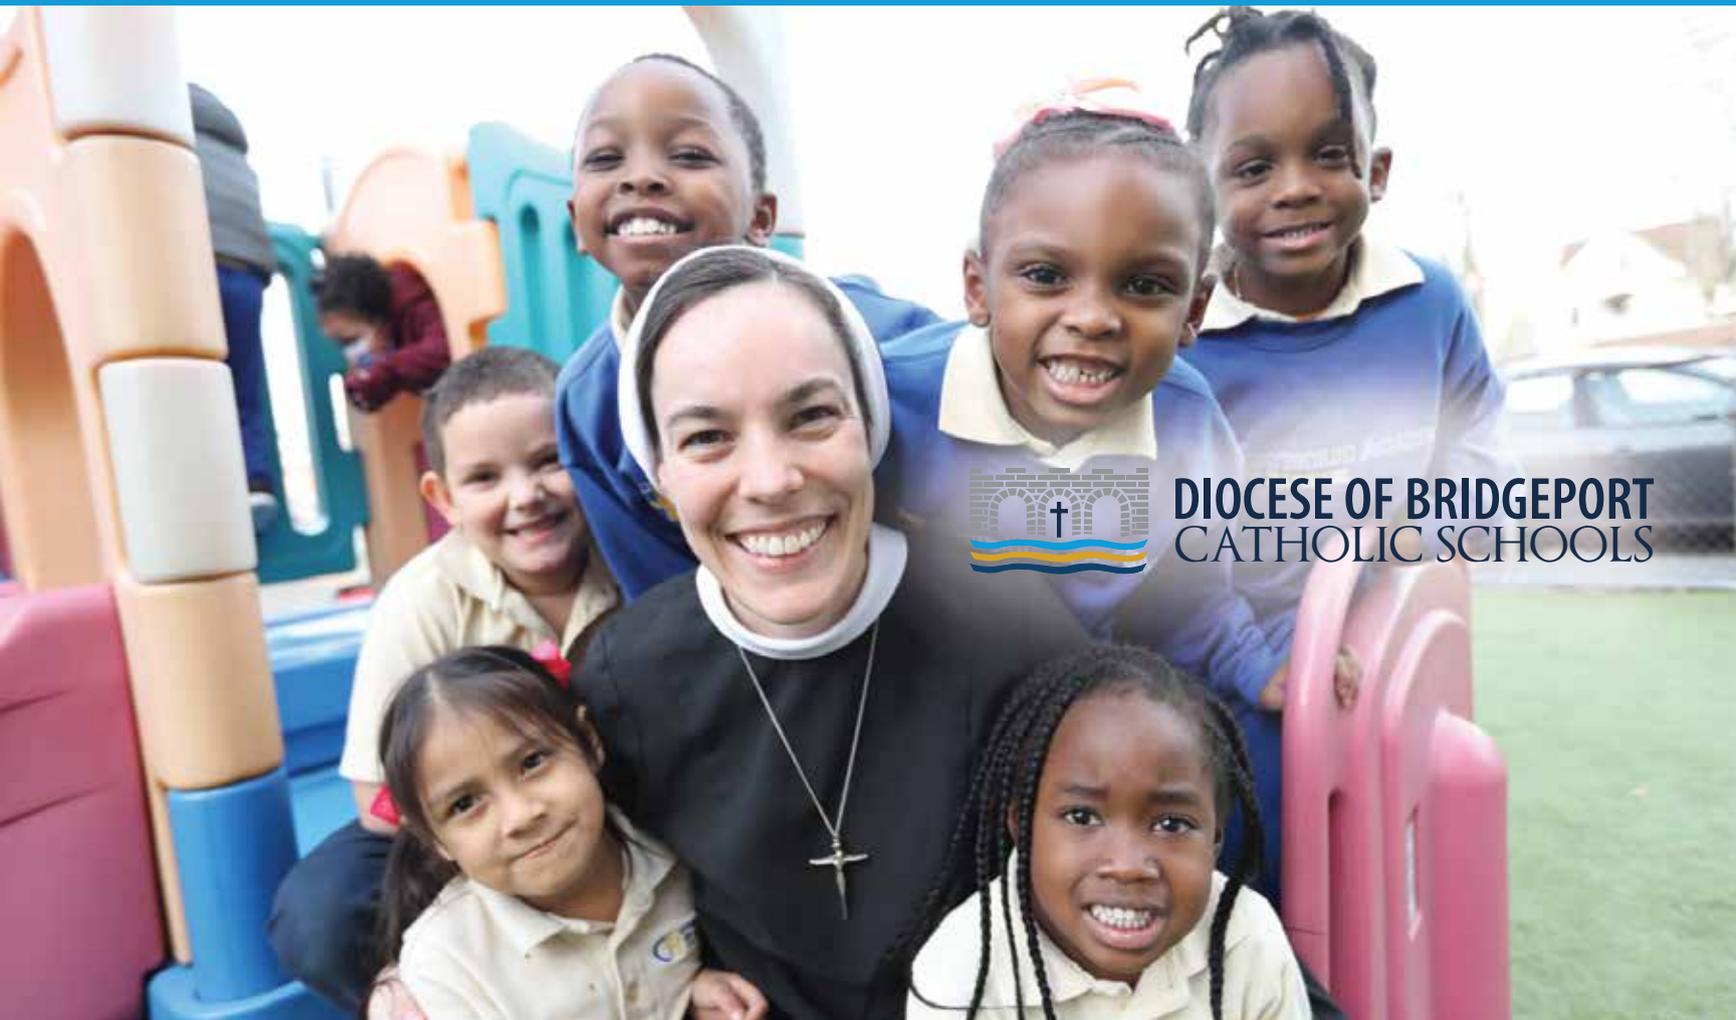

TAKE AN IMPACT INVENTORY

Take a quick education inventory and see how your child's current school experience measures up. Then take the next step and *Discover the Impact*.

EDUCATION INVENTORY

- My child feels welcome and safe every day
- My child is challenged every day in the classroom
- My child is supported when extra help is needed
- My child is growing intellectually and reaching their potential
- My child's classroom instruction is innovative and engaging
- My child's faith is growing with grace and depth of understanding
- My child has opportunities outside the classroom to explore visual and performing arts
- My child has a wide range of athletic opportunities—both competitive and recreational
- My child understands the importance of service and seeks out ways to do good
- The values we practice at home are reinforced at school
- My child's teachers are caring and know them as a learner and as an individual
- My child is excited to go to school every day
